

# Buster Peter, LNFA

## Administrator, Park Bend Health Center

Park Bend Health Center specializes in transitional skilled nursing care with on-site physical, occupational and speech therapy, as well as specialized care such as wound care management or stroke recovery rehabilitation. Located in Austin, Park Bend is part of Caraday Healthcare, a leader in skilled nursing, delivering integrated and coordinated care along the long-term and post-acute care continuum across Texas.

Buster Peter was first inspired to work with the elderly population when he helped care for his grandmother. While growing up, Buster's grandmother lived with his family and then later she moved to a long-term care community. This family history has influenced Buster's career as an administrator for the past six years.

Proudly, Buster has been with Caraday Healthcare since January 2020 as the Administrator at Park Bend Health Center. Buster has been working in long-term care since 2014 when he started his career at Senior Care Centers working as the administrator-in-training at Trinity Care Centers. He then spent the last four years working for Regency at Elgin Nursing & Rehab and Onion Creek before joining Park Bend.

Buster claims that his motivation has stemmed from his passion to help his team members, residents, and their family members.

A resident of North Austin, Buster and his wife, Molly, share their home with their loving dog, Gertrude. His two favorite hobbies are bike riding and duck hunting with his wife fully supporting the first hobby and tolerating the second one!
