

# Lisa Stribling, LNFA

## Administrator, Hearthstone Nursing & Rehabilitation

Hearthstone Nursing & Rehabilitation specializes in caring for high acuity short-term patients and providing compassionate long-term care with on-site physical, occupational, and speech therapy. Located in Round Rock in the greater Austin area, Hearthstone is part of Caraday Healthcare, a leader in skilled nursing, delivering integrated and coordinated care along the long-term and post-acute care continuum across Texas.

Lisa Stribling is the Administrator at Hearthstone Nursing and Rehabilitation, responsible for management and operations the 120-bed skilled nursing facility.

Lisa began her career in healthcare working as a housekeeper in a skilled nursing facility in 1994. Within a few months she was asked to assist the administrator in the office with bookkeeping, payroll, accounts payable, and patient trust fund accounts. In that position, she quickly grasped the responsibilities and loved working in the office, leading to a promotion as the business office manager within three months.

As years passed, Lisa learned more about the operations of nursing homes and the important role the administrator has in leading the team to honorably and passionately care for patients. This interest led her to a degree in Health Care Administration to pursue the goal of becoming a Licensed Nursing Home Administrator. She completed her internship in a nursing home while completing her degree and working full time as a business officer manager. After receiving her administrator's license in 2010, Lisa has been the administrator of two other nursing homes and has never regretted her career path.

Lisa is the wife of a fellow nursing home administrator, the mother of four daughters and a grandmother to five. Adding to the household are two Australian Sheppard dogs. Lisa loves to travel and spend time with friends and loved ones.

### Education and Credentials

- University of Phoenix  
Bachelor's of Science, Health Care Administration
